

RECOMMENDED PROGRAMMING PRACTICES

ASSIGNMENT 1

<http://d3s.mff.cuni.cz>

Dominik Škoda
Petr Kubát

CHARLES UNIVERSITY

Faculty of Mathematics and Physics

Assignment 1

- Make pairs in the [Submission System](#)
 - Deadline is 11. 3. 2018 23:59:59
 - You can use the mailing list to find a partner
- Refactor given java code and make it nice and readable without changing the functionality
 - Assignment with original code is [here](#).
 - Original code has a lot of problems:
 - find them
 - fix them
 - describe them

Assignment 1

- Submission
 - Each pair submits one solution together
 - Submission has two parts:
 - change log
 - plain-text, max 80 characters per line
 - source code
 - one file only, max 80 characters per line
 - Deadline is 18. 3. 2018 23:59:59
 - Beware the automatic checks
 - submit with enough time left for adjustments
 - **Each day of delay costs you 3 points**

Assignment 1

- Evaluation
 - Can it be compiled?
 - Same behavior as the original
 - Perfect source code = 10 points
 - Original source code = 0 points
- Notes
 - Not everything was discussed, use common sense!

Assignment 1

- Evaluation labs are
 - Tuesday 27. 3. 2018
 - Thursday 29. 3. 2018
- Attendance mandatory to get additional points
 - up to 10 points
 - If you can't attend the labs for relevant reasons, send mail to the lab teacher
